

HEAVY EQUIPMENT ARMOR

PROTECTION YOU CAN COUNT ON!

NEW 1/2" IMPACT DEFENDER DOORS FOR BOBCAT M AND R MODEL SKID STEERS
PART# AR2-BOB-M & PART# AR2-BOB-R

- **NEW**- 1/2" Impact Polycarbonate Doors. We mount these doors on 1/4" steel frame resulting in a rigid fit while increasing over all safety. Note! We never mill or drill our safety doors! Meets FMVSS 205/ ANSI Z26 AS 4. DOT #1247
- The AR2 is High Optic Transparent polycarbonate with a clear, abrasion resistant coating applied to both surfaces. This coating significantly increases abrasion resistance and surface hardness complimenting the polycarbonate's inherent excellent impact strength & superior clarity.
- Defender Doors for Bobcat skid steers installs easily onto the skid steer using factory hardware from your original door, including gasket, hinges, lock system and emergency escape system all mounted to our 1/4" steel door frame.
- Cleaning your door is a breeze when using the right products. Please see list of approved cleaning products included with your Defender Door.
- 1/2" Impact Defender doors are not recommended for use on skid steers operating forestry mulchers or other forestry related log processing attachments.

Defender Doors will not work with "Bobcat Forestry Door Hardware."

Our Defender Doors fit the follow machines:

M Series Bobcats: **S450,S550,S570,S590,S595,S630,S740,S850,T450,T550,T630,T740,T770,T870**
