

HEAVY EQUIPMENT ARMOR

PROTECTION YOU CAN COUNT ON!

NEW 1/2" IMPACT DEFENDER DOOR FOR CAT D SERIES SKID STEERS PART# AR2-CATD

- **NEW**- 1/2" Impact Polycarbonate Doors. We mount these doors on 1/4" steel frame resulting in a rigid fit while increasing over all safety. Note! We never mill or drill our safety doors! Meets FMVSS 205/ ANSI Z26 AS 4. DOT #1247
- The AR2 is High Optic Transparent polycarbonate with a clear, abrasion resistant coating applied to both surfaces. This coating significantly increases abrasion resistance and surface hardness complimenting the polycarbonate's inherent excellent impact strength & superior clarity.
- Defender Doors for Cat D series skid steers installs easily onto the skid steer using factory hardware from your original door, including gasket, hinges, lock system and emergency escape system, all mounted to our 1/4" steel door frame.
- 1/2" Impact Defender doors are not recommended for use on skid steers operating forestry mulchers or other forestry related log processing attachments.

Note! This is a replacement door only. This guard is intended as a brush guard only. It is not a certified FOPS/ROPS guard.
