PROTECTION YOU CAN COUNT ON!

Protection For the Top of the Cab and Motor area

ENHANCED GUARDING SYSTEM FOR CAT D SERIES SKID STEER PART #CATD2-EG Long

- Includes guarding for the cab and motor area.
- Guarding follows the cab to the tilt up locking position.
- Works on skid steers with auxiliary hydraulic cooler OR without auxiliary hydraulic cooler.
- Allows easy access for under cab maintenance.
- No modifications to the carrier are required.
- Approximate installation time; 2-3 hours.
- Includes all necessary hardware and complete instructions.
- Fits CAT 272D, 297D, and 299D Skid Steer models with side mount. Fits vertical lift models only.

PLEASE NOTE: This guard is intended as a brush guard only. It is not a certified FOPS/ROPS guard.
